Re: My letter of 17 December 1984

Mr. Frasure:

There seems to be some confusion about the above-referenced letter, and I should like to offer some clarification.

Attached please find the following documents:

Correspondence from E. G. Baldwin of Western Electric to Susan L. Graham of the University of California dated 10 April 1978

Correspondence from E. G. Baldwin of AT&T to The Regents of the University of California dated 5 April 1982

Correspondence from D. P. Wilson of Western Electric to The Regents of the University of California dated 15 September 1983

These letters contain specific instructions for the distribution of Fourth Berkeley Software, and represent a contract between The Regents of the University of California and AT&T. The new restrictions you seek to impose in your letter to Pauline Schwartz of 30 July 1984 represent a unilaterally imposed amendment to this contract that is unacceptable to the University of California.

If you have any questions, please call Mary MacDonald, Assistant Counsel, at (415) 642-2822, or myself at (415) 642-0847.

30 January 1985

Very truly yours,

Roy L. Towers, Jr., C.P.M.
