

# Management of IDN Policy Development

GNSO Council Briefing

16 June 2021

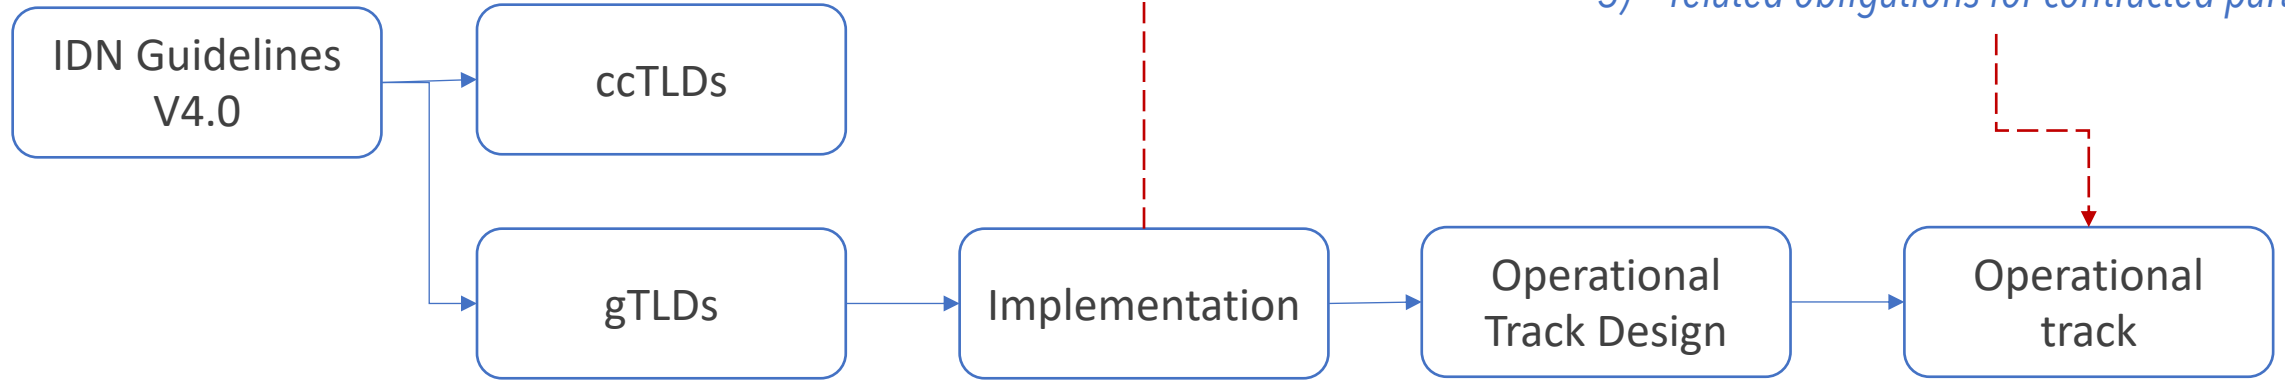

# IDN POLICY DEVELOPMENT TRACKS

*Issues:*

- 1) "same entity at the second level"*
- 2) consistent variant rules in each TLD*
- 3) related obligations for contracted parties*

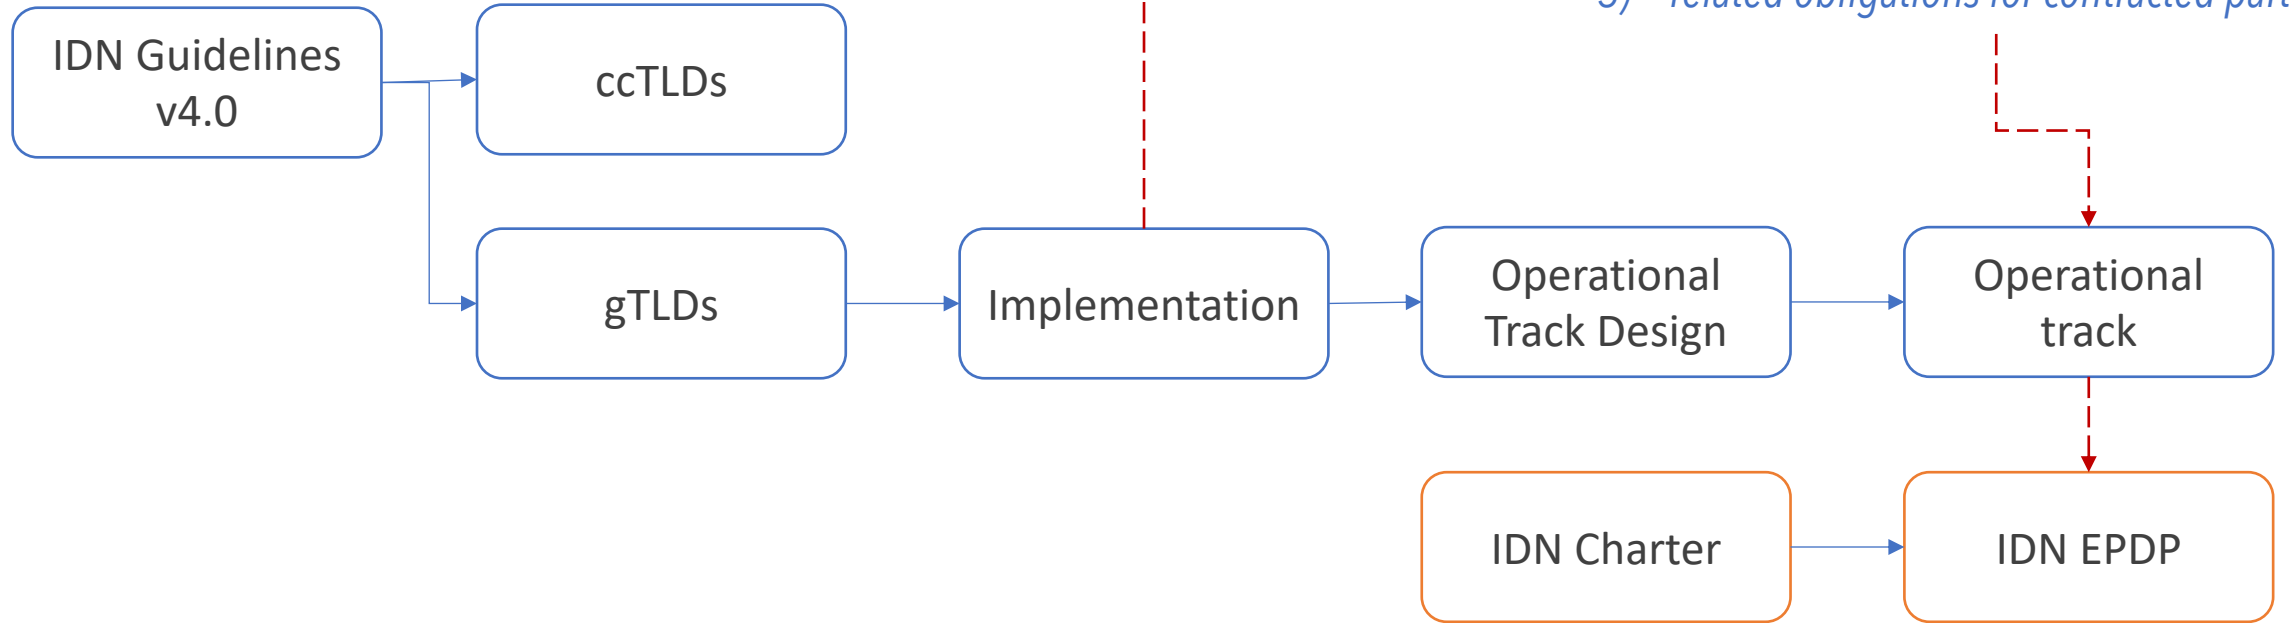

# IDN POLICY DEVELOPMENT TRACKS

*Issues:*

- 1) "same entity at the second level"*

# IDN POLICY DEVELOPMENT TRACKS

Issues:

- 1) "same entity at the second level"
- 2) consistent variant rules in each TLD
- 3) related obligations for contracted parties

# IDN POLICY DEVELOPMENT TRACKS

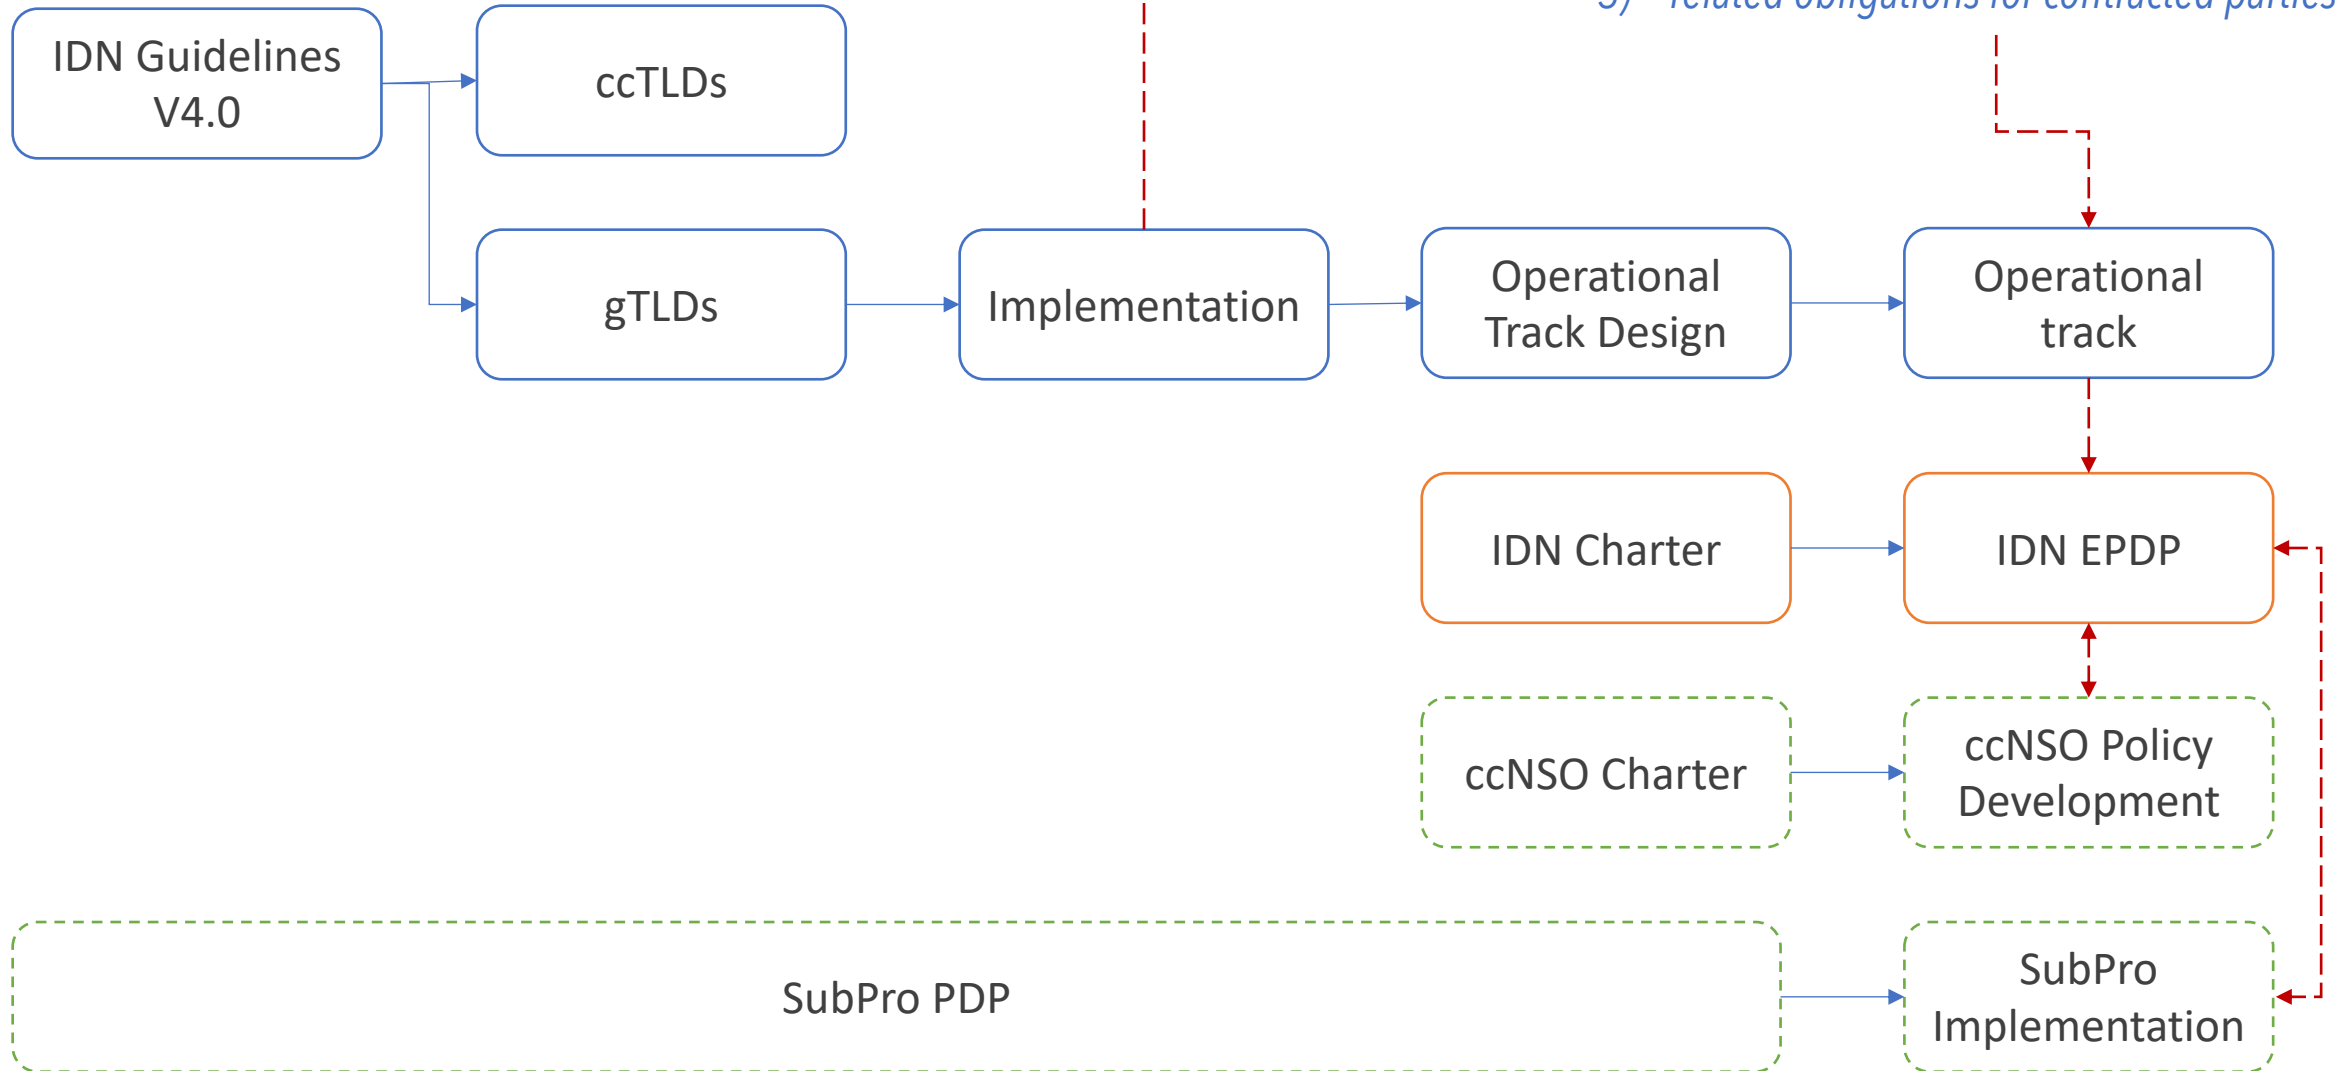

## Issues:

- 1) "same entity at the second level"
- 2) consistent variant rules in each TLD
- 3) related obligations for contracted parties

## Pause the Operational track:

- 1) The issues involved have policy implications
- 2) The PDP is the traditional policy development forum
- 3) Conflicting results will be avoided
- 4) There are no SSR issues requiring immediate implementation
- 5) Respectful use of volunteer resources

# IDN POLICY DEVELOPMENT TRACKS

Issues:

- 1) "same entity at the second level"
- 2) consistent variant rules in each TLD
- 3) related obligations for contracted parties
