

List of weekly open-air markets in the province of Zagora

The province of Zagora is characterized by the predominance of the rural population and the souk plays a vital role in their lives. This is the place of most commercial transactions: farmers expose their products and their source to others. Some horticulture products (dates, henna, watermelons) and handicrafts of this region are promoted in various urban areas of the Kingdom.

Name	Geographic code	Type	Population (2004)	Market Day (Souk)
