

A topographic map of Tanzania, showing its geographical features. The map uses color to represent elevation: green for lowlands, brown for highlands, and grey for the highest mountainous regions. The country's coastline is visible on the right side, bordering the Indian Ocean. A white rectangular box is superimposed over the center of the map, containing the title text.

# 2019

# TANZANIA IN FIGURES

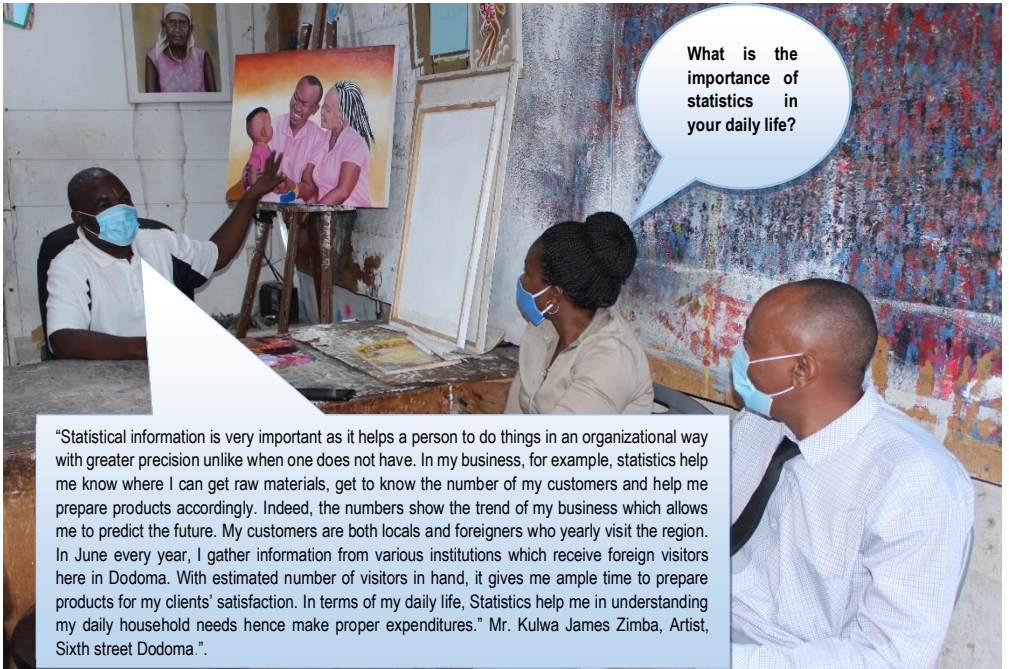

National Bureau of Statistics  
Dodoma  
June 2020

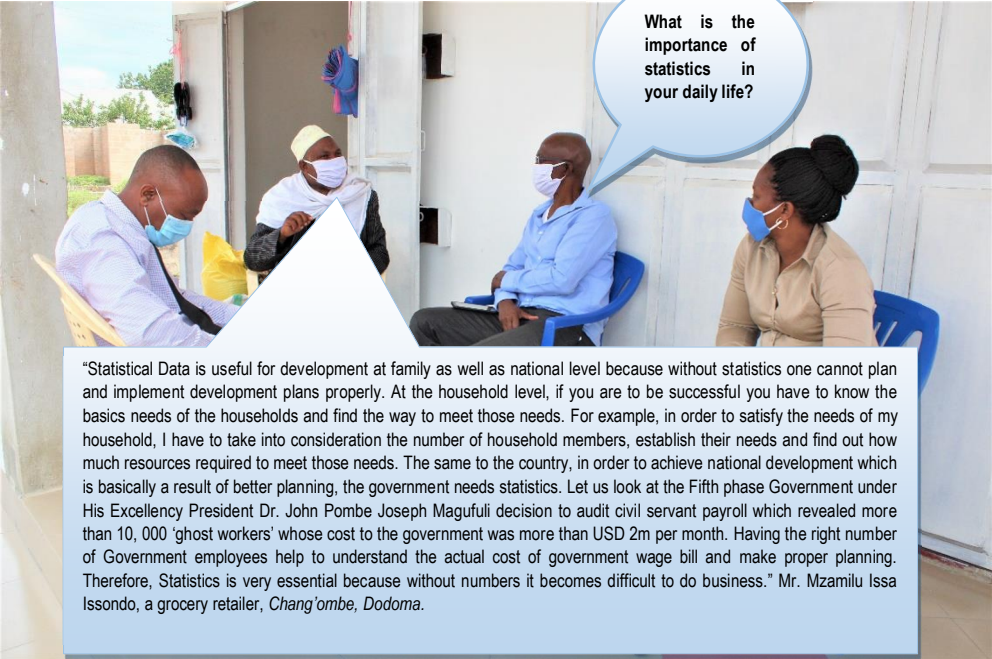

**H. E. Dr. John Pombe Joseph Magufuli**  
**President of the United Republic of Tanzania**

“Statistics are very vital in the development of any country particularly when they are of good quality since they enable government to understand the needs of its people, set goals and formulate development programmes and monitor their implementation” H.E. Dr. John Pombe Joseph Magufuli the President of the United Republic of Tanzania at the foundation stone-laying ceremony for the new NBS offices in Dodoma December, 2017.

“Statistical information is very important as it helps a person to do things in an organizational way with greater precision unlike when one does not have. In my business, for example, statistics help me know where I can get raw materials, get to know the number of my customers and help me prepare products accordingly. Indeed, the numbers show the trend of my business which allows me to predict the future. My customers are both locals and foreigners who yearly visit the region. In June every year, I gather information from various institutions which receive foreign visitors here in Dodoma. With estimated number of visitors in hand, it gives me ample time to prepare products for my clients’ satisfaction. In terms of my daily life, Statistics help me in understanding my daily household needs hence make proper expenditures.” Mr. Kulwa James Zimba, Artist, Sixth street Dodoma.”.

What is the importance of statistics in your daily life?

“Statistical Data is useful for development at family as well as national level because without statistics one cannot plan and implement development plans properly. At the household level, if you are to be successful you have to know the basics needs of the households and find the way to meet those needs. For example, in order to satisfy the needs of my household, I have to take into consideration the number of household members, establish their needs and find out how much resources required to meet those needs. The same to the country, in order to achieve national development which is basically a result of better planning, the government needs statistics. Let us look at the Fifth phase Government under His Excellency President Dr. John Pombe Joseph Magufuli decision to audit civil servant payroll which revealed more than 10, 000 ‘ghost workers’ whose cost to the government was more than USD 2m per month. Having the right number of Government employees help to understand the actual cost of government wage bill and make proper planning. Therefore, Statistics is very essential because without numbers it becomes difficult to do business.” Mr. Mzamilu Issa Issondo, a grocery retailer, *Chang’ombe, Dodoma*.

## Preface

Tanzania in Figures 2019 booklet gives clear insight of Tanzania in economic performance, social, environmental and political spheres. Tanzania in Figures 2019 booklet presents the data series for the period from 2015 to 2019.

This booklet provides aggregated data and contains information from various official statistical publications compiled by the National Bureau of Statistics (NBS), sector ministries, Government Departments and Agencies. The indicators presented are useful to policy makers for planning, monitoring and evaluation of various development programs at all levels.

The National Bureau of Statistics, as a coordinator and producer of official statistics in the Country, appreciates the contributions made by various stakeholders in statistics for supplying inputs used in the compilation of this booklet. In order to effectively participate in strengthening the National Statistical System (NSS), we urge further co-operation in updating and compilation of the forthcoming editions of similar booklet and other statistical publications.

The latest figures for 2019 presented in this booklet for some indicators are provisional and may be revised according to the NBS revision policies. Also, information in some tables are sourced from census and surveys which mostly are conducted in a lag of ten or five years. The data gaps attributed to the surveys shall be filled immediately upon availability of respective survey reports.

Comments and suggestions that may help to enrich the next edition of Tanzania in Figures are welcome from all stakeholders.

The soft copy is also available on the NBS website; [www.nbs.go.tz](http://www.nbs.go.tz). For more detailed information on the published statistics, please visit the NBS library and the website.

## WHAT IS NEW IN 2019

### The Outbreak of Corona Virus Disease (COVID - 2019)

**The COVID 2019 pandemic started in December 2019 in China and spread to most of the world countries including Tanzania**

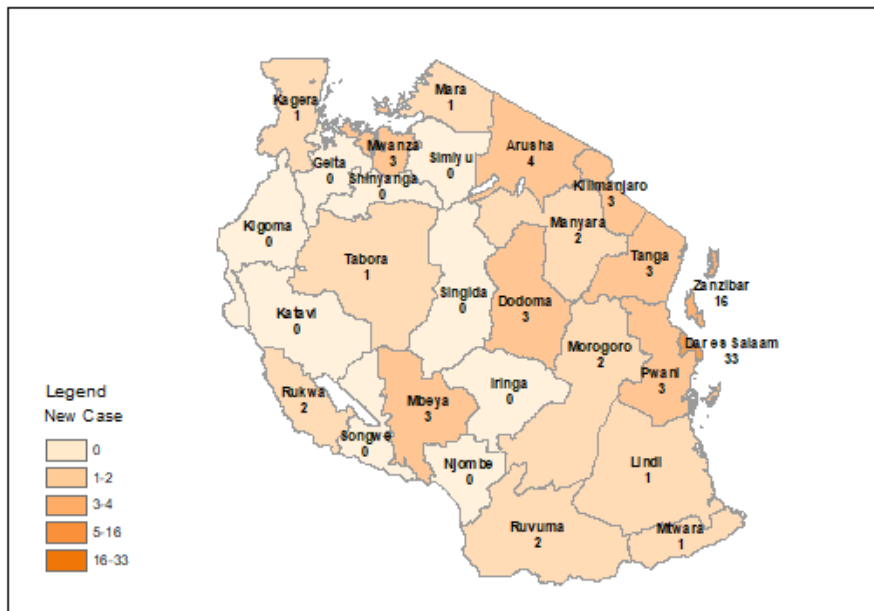

**Tanzania recorded the first incidence of COVID – 19 on 16<sup>th</sup> March, 2020.**

**By 29<sup>th</sup> April, 2020 Corona cases reported in the country was 480 while 167 had been recovered and death record reached 16.**

**Honorable Kassim Majaliwa Majaliwa (MP)  
The Prime Minister of United Republic of Tanzania**

## 1.0 Background

Tanganyika became independent and a republic on 9<sup>th</sup> December 1961 and 1962 respectively. Zanzibar became independent on 10<sup>th</sup> December 1963 and the People's Republic of Zanzibar was established after the Revolution on 12<sup>th</sup> January 1964. The two sovereign states formed the United Republic of Tanzania on 26<sup>th</sup> April 1964.

The general election held in October 2015 brought into power His Excellency Dr. John Pombe Joseph Magufuli from Chama Cha Mapinduzi (CCM) as the fifth President of the United Republic of Tanzania for a five-years term.

Dodoma is the capital city and Dar es Salaam is the major commercial city. The official currency is the Tanzanian Shilling (TZS) and the national language is Kiswahili, but English is also widely used.

## 2.0 Geography

### Geographical Location, Boundaries and Area

Tanzania is located in Eastern Africa between longitudes  $29^{\circ}$  and  $41^{\circ}$  East, and latitudes  $1^{\circ}$  and  $12^{\circ}$  South:

Most northerly point	Mutukula	$1^{\circ} 01' S$ and $31^{\circ} 25' E$ ,
Most southerly point	Mtalika	$11^{\circ} 32' S$ and $37^{\circ} 05' E$ ,
Most westerly point	Kigoma	$4^{\circ} 52' S$ and $29^{\circ} 38' E$
Most easterly point	Msimbati	$10^{\circ} 21' S$ and $40^{\circ} 26' E$ .

Tanzania Mainland has frontiers with the following countries/ocean:

North:	Kenya and Uganda;
West:	Rwanda, Burundi and Democratic Republic of Congo;
South West:	Zambia and Malawi;
South:	Mozambique; and
East:	Indian Ocean.

Tanzania Zanzibar is located in the Indian Ocean about 30 kilometers from Tanzania Mainland.

## The Tanzania HIV Impact Survey 2016 - 2017 (THIS)

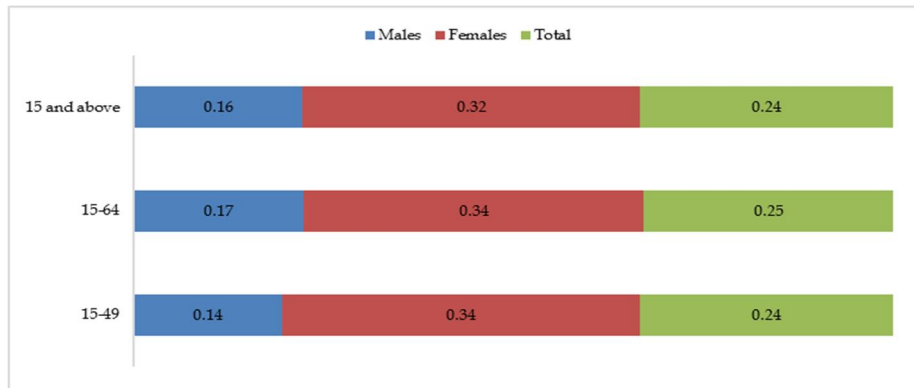

The Tanzania HIV Impact Survey 2016 - 2017 (THIS) is the fourth in a series of household-based human immunodeficiency virus (HIV) surveys and is the first national HIV survey that covered populations of all ages and other indicators (HIV incidence, viral load (VL) suppression (VLS) etc), in the country.

A nationally representative survey of 36,087 adults aged 15 years and older and 10,452 children aged 0 - 14 years (7,477 children aged 0 - 9 years and 2,975 early adolescents aged 10 - 14 years) were eligible to participate in the survey.

### HIV Incidence

Annual incidence of HIV infection among adults aged 15 years and older is 0.24% overall (0.16% among males and 0.32% among females). This corresponds to approximately 72,000 new infections per year (about 24,000 among males and 48,000 among females).

## Annual HIV Incidence using Lag/VL/ARV testing algorithm, THIS 2016 - 2017

LAG/VL/ARV: Limiting antigen/Viral load/Antiretrovirals

## HIV Prevalence

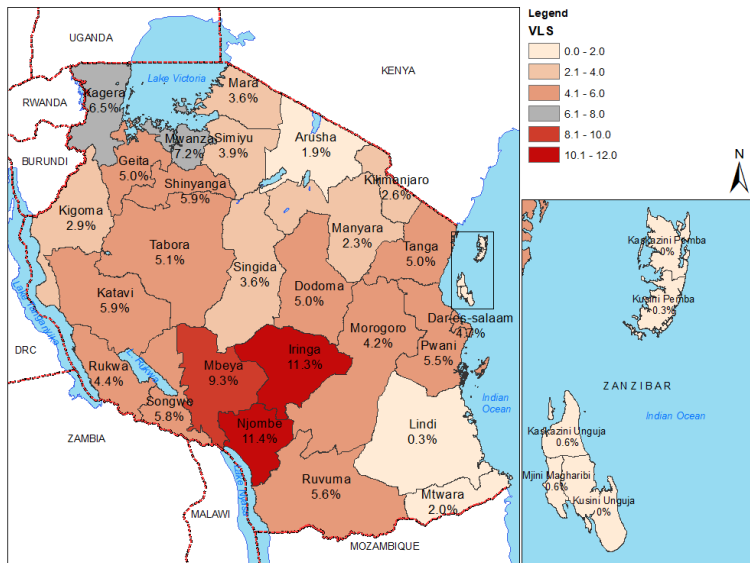

Prevalence of HIV infection among adults aged 15 years and older in Tanzania was 4.9% (6.3% among females, and 3.4% among males). This corresponds to approximately 1.4 million PLHIV aged 15 years and older in the country.

## Viral Load Suppression

Viral load suppression is a key indicator of treatment success in HIV-positive individuals. For the purposes of THIS, VLS was defined as VL less than 1,000 HIV RNA copies/mL of plasma among the population of HIV-positive persons ages 15 years and above.

Overall, 51.9% of HIV-positive adults aged 15 years and older had VLS (41.5% among males and 57.2% among females).

## Viral Load Suppression (<1000 copies/mL) Among HIV-Positive Adults Aged 15 Years and Older, by Region, THIS 2016 - 2017

## 7.0 Employment

### The Status of the Tanzania's Labour Market Information from 2015 to 2019

The National Bureau of Statistics conducted several labour related surveys aimed at identifying the level and dynamics of various labour market indicators. To address this concern, while the Government is preparing to conduct another Labour Force Survey, the National Bureau of Statistics projected the trends of labour market statistics, which accounts for the country's labour market dynamics from 2015 to 2019.

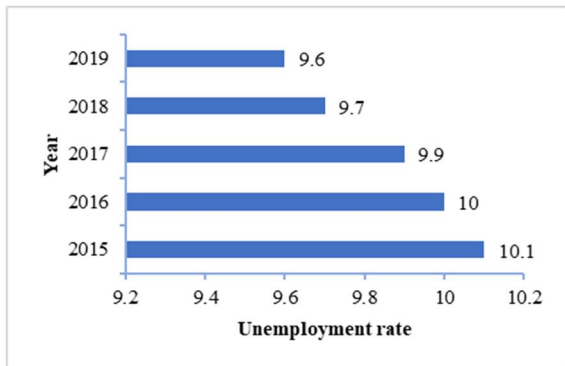

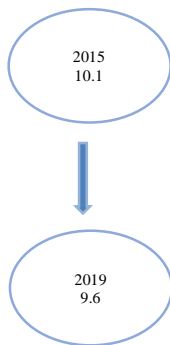

"The projected statistics show an increase of **2.1 million people in the** labour force over the past five years; i.e. from 2015 to 2019. The national labour force has grown from **22.8 million** people in 2015 to **24.9 million** people in 2019. In addition, the number of people with employment has increased from **20.5 million** in 2015 to **22.5 million** in 2019. Furthermore, there has been a **decline** in the rate of unemployment in the country from **10.1 percent** in 2015 to **9.6 percent** in 2019".

## 8.0 Investment

List of Services Offered by Tanzania Investment Centre (TIC) by Time Frame and Cost, Tanzania, 2019

Service	Delivery Time Frame	Fee *
TIC Application Form	Immediately	USD 100
Investment Guide	Immediately	Free
Provision of Investment Act	Immediately	Free
Certificates of Incentives	3 W/days	USD 1,000
VAT Registration	3 days	Free
Tax Clearance	1 day	Free
Tax Identification Number	1 day	Free
Customs Approval Import List	7 days	Free
Business Name Search	1 day	Free
Business Licensing	1 day	Fee varies
Company Registration	1 days	TZS 50,000 - 371,200
Industrial/Business License	2 days	
Residence Permit Class A (East African Nationals)	10 days (Max)	USD1,705
Residence Permit Class A (Other East African Nationals)	10 days (Max)	USD 3,355
Residence Permit Class B (East African Nationals)	10 days (Max)	USD 605
Residence Permit Class B (Other East African Nationals)	10 days (Max)	USD 2,255
Special Pass for Class A and B	1 day	USD660
Work Permit Class B-Labour	14 days (Max)	Free
Linkages with government institutions	7 days	Free

\*10% administration fees paid to TIC towards respective costs for all services

## Non-Government Minimum Wage by Sector, Tanzania Mainland, 2016

Sector	Minimum Wage per Month (TZS )
<b>Agricultural Services</b>	
Agricultural services	100,000
<b>Health Services</b>	
Health services	132,000
<b>Communication Services</b>	
Telecommunication services	400,000
Broadcasting and mass media, postal and courier services	150,000
<b>Domestic and Hospitality Services</b>	
Domestic workers employed by diplomats and potential businessmen	150,000
Domestic workers employed by entitled officers	130,000
Domestic workers residing in the household of the employer, other than those employed by diplomats and potential businessmen and entitled officers.	80,000
Other domestic workers not specified above	40,000
Potential and tourists' hotels	250,000
Medium hotels	150,000
Restaurants, guest houses and bars	130,000
<b>Private Security Services</b>	
International and potential companies	150,000
Small companies	120,000
<b>Energy Services</b>	
International companies	400,000
Small companies	150,000

**Ctd: Non-Government Minimum Wage by Sector, Tanzania Mainland, 2016**

<b>Sector</b>	<b>Minimum Wage per Month (TZS)</b>
<b>Transport Services</b>	
Aviation services	350,000
Clearing and forwarding	300,000
Inland transport	200,000
<b>Construction Services</b>	
Contractors Class I	325,000
Contractors Class II-IV	280,000
Contractors Class V-VII	250,000
<b>Mining</b>	
Mining and prospecting licenses	400,000
Primary mining licenses.	200,000
Dealers licenses	300,000
Brokers licenses	200,000
<b>Private schools services (Nursery, Primary and Secondary schools)</b>	
Private schools services (nursery, primary and secondary schools)	140,000
<b>Trade, Industries and Commercial Services</b>	
Trade, industries and commerce	115,000
Financial institutions	400,000
<b>Fishing and Marine Services</b>	
Fishing and marine services	200,000
<b>Other sectors not mentioned in this Wage Order</b>	
Other sectors not mentioned in this wage order	100,000

## 12.0 Performance Indicators for Selected Economic Activities

### 12.1 Agriculture and Livestock

#### Production of Selected Food Crops (tonne), Tanzania Mainland, 2015 – 2019

Crop	2015	2016	2017	2018	2019	Percent Change
Maize	5,903	6,149	6,681	6,273	5,652	-9.9
Paddy	1,937	2,229	1,594	2,220	2063	-7.1
Wheat	72	76	50	57	63	10.5
Sorghum	1,007	1,003	1,064	988	1,117	13.1
Cassava	1,962	2,205	1,342	2,791	2,728	-2.3
Beans/Legumes	1,808	1,959	2,318	1,823	1,888	3.6
Bananas	1,195	1,061	845	1,132	1,135	0.3
Sweet Potatoes	1,090	1,044	2,008	1,608	1,644	2.2
Cotton	203,312	149,445	164,709	222,039	352,405	58.7
Tobacco	87,737	60,692	85,861	45,245	68,147	50.6
Sugar	304,007	293,075	556,522	303,752	359,219	18.3
Tea	35,750	32,629	41,495	34,010	37,193	9.4
Pyrethrum	6,050	2,011	2,151	2,400	2,014	-16.1
Coffee	41,674	60,921	47,693	50,522	79,087	56.5
Sisal	39,204	42,314	36,533	40,635	33,271	-18.1
Cashew nuts	197,933	155,416	265,238	313,826	225,053	-28.3

## 13.0 Land Rights and Tenure Security

For the First Time Tanzania Started Reporting SDG Indicator Number 1.4.2 in 2018.

*“Proportion of Total Adult Population with Secure Tenure Rights to Land, With Legally Recognized Documentation and who Perceive their Rights to Land as Secure, by Sex and by Type of Tenure”*

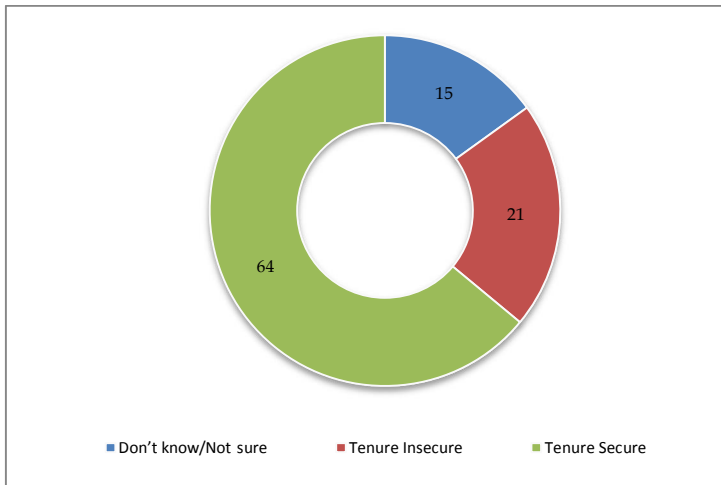

This result is based on the Baseline survey on Property Rights and Tenure Security (PRINDEX) conducted in 2018 aimed at assessing individual adults' perceptions regarding ownership, use rights and security of lands and dwelling. The security was measured based on their likelihood of losing rights and ownership of formal documentation proving their ownership or use rights. Other 32 countries worldwide conducted this survey with same purposes.

### **Selected Main Findings in Brief:**

- Tanzania is at 4<sup>th</sup> position out of 9 Eastern and Southern African countries with 64 percent of interviewed adults believed their property are TENURE SECURE, also above the average of 61 percent for 9 western Africa states.
- Tanzania stands at 10<sup>th</sup> position out of 33 countries worldwide involved in same study having 50 percent of interviewed adults own dwelling they are living in.
- Security levels on ownership and use of property remains very low among renters (37 %) and 14 percent among owners of dwelling.

Proportions of adults with levels of tenure security – based on likelihood of losing rights ownership and use

## 15.0 Sustainable Development Goals (SDGs) Tanzania's Roadmap

The implementation of the SDGs in Tanzania is aligned to the existing National Development Frameworks. Linked to the mandate of NBS in supporting development of the National Statistical System (NSS), the following is the summary of few results including lessons learnt and recommendations for future from 2016 - 2018 SDG National Roadmap towards implementation of 2030 Agenda.

### **SDG Data Roadmap process 2015-2018**

#### **March 2017 - November 2018**

- Data gaps assessment
- Thematic engagements on data gaps, and pilot sub-national data roadmap meeting in Kigoma
- Lessons documented, plotting of a path for better data (availability, accessibility and use) for sustainable development

#### **December 2016—February 2017**

- Interim data roadmap development
- Sustainable Development Data Gap Assessment Training for Tanzanian experts and commencement of Data Gaps Assessment

#### **August 2016**

- National Sustainable Development Data Roadmap Workshop
- Endorsement of Interim joint Steering Committee

#### **October 2015**

- National Stakeholder Workshop on Implementation of SDGs

## Main Achievements Since 2016

### Awareness Raising and Advocacy

- Two National Stakeholders Workshop conducted
- LGAs Workshops conducted in collaboration with the MoFP

### SDGs and FYDP II Data Gaps Assessment

- Training – PARIS21 and Dlab
- Metadata development for FYDP II Indicators
- ADAPT gaps assessment

### Thematic Workshops & Gaps Assessment Report

- Five thematic Stakeholder Workshops
- One sub-national high-level workshops

### SDGs Goal Tracker Development – in Progress

- NBS in collaboration with Data Act Lab (DAL) and Dag Hammarskjöld Foundation
- National Technical Team led by NBS and eGA established to monitor its development

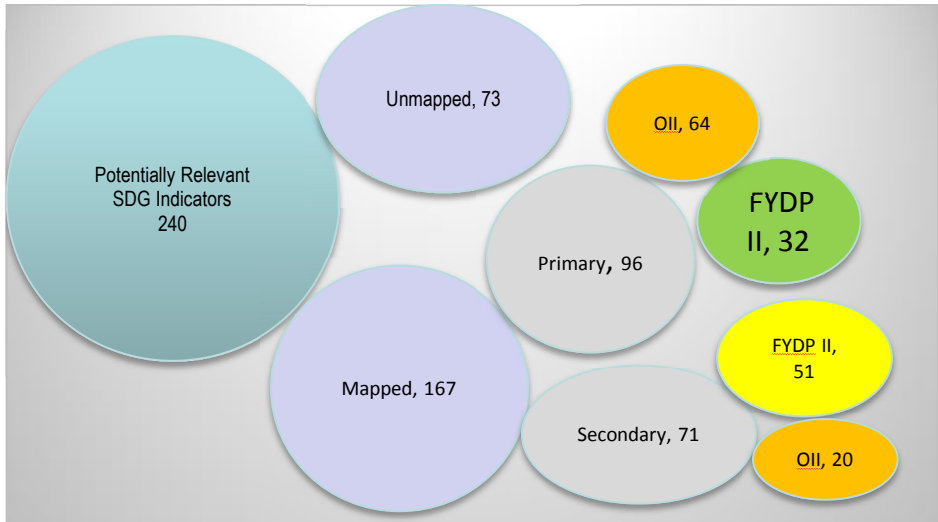

### SDGs Country Baseline Report and VNR for 2019 - in progress

- Country Baseline Report prepared by MoFP in collaboration with NBS and other MDAs
- Preparations for VNR - lead by the MoFP in collaboration with NBS and Other stakeholders

### Africa Comments on Guidelines for SDGs data flows

- NBS lead the preparations for Africa Comments on the SDGs guidelines for data flow from National – Regional - Global
- All African countries with members in the IEG-SDGs were consulted for their contribution

## SDGs and FYDP II Gaps Assessment: Alignment of Potentially Relevant SDGs Indicators with FYDP II and Sector Strategies

## Availability of Data for Monitoring Progress in SDGs Implementation

Goal	Mapped to FYDP II 2016/17 - 2020/21		Other Identified Indicators		Unmapped	Availability (%)	All Goal Indicators
	Is data for tracking the indicator currently available (Yes/No)						
	No	Yes	No	Yes	No		
Goal 1	6	3	1	1	3	29	14
Goal 2	4	3	3		3	23	13
Goal 3	5	3	4	10	5	48	27
Goal 4	7	1	1		2	9	11
Goal 5	2	1	2	7	2	57	14
Goal 6	3		7	1		9	11
Goal 7	5				1	0	6
Goal 8	2	5	4	4	2	53	17
Goal 9	6	3	2	1		33	12
Goal 10	1		3	1	6	9	11
Goal 11	5	1	1	2	6	20	15
Goal 12	1	1	5	3	3	31	13
Goal 13	2		1		5	0	8
Goal 14	2		3	1	4	10	10
Goal 15	2	1	3	1	7	14	14
Goal 16	1	2	4	5	11	30	23
Goal 17	1	4	1	2	17	24	25
<b>Grand Total</b>	<b>55</b>	<b>28</b>	<b>45</b>	<b>39</b>	<b>77</b>	<b>27</b>	<b>244</b>

## Lessons Learned and Recommendations for the Future

### **Inadequate Political Commitment and support for the data for development agenda**

- Establishing a formal National Coordination Arrangement for SDGs implementation and monitoring
- Set up clear policy and procedural guidance for development of the national data ecosystem and Putting the data finance on list of institution and national priority

### **Spreading Knowledge and Awareness on SDGs and Sustaining Momentum at all levels**

- Statements from the high-level political leadership on importance of data for evidence-based decision making
- Information and knowledge sharing within institutions
- Online platform (in Kiswahili) to share information and to provide support to stakeholders
- Engagement with infomediaries eg. the media in spreading the awareness

### **Facilitating more comprehensive data capture from Administrative Sources**

- Redesigning of existing forms being used to capture information
- Investing in building capacity to translate data into actionable information
- Extending knowledge and building stakeholders understanding of methods and standards and enforcing them
- Adopting smart tools and solutions to capture and ease processing of massive information and data

NBS to support LGAs on technical aspects around data production and preparation of actionable data

- NBS through regional statistical managers (RSMs) to identify other partners to collaborate on strengthening capacities at LGAs

**Establishing a mechanism for smooth flow, access and use of data**

- Develop and disseminate clear guidance on institutional responsibilities for collection and sharing of data for tracking of various indicators
- Provide the necessary technical assistance to ensure the needed information is captured from existing arrangements for data collections
- Prepare appropriate templates for submission of the information/data needed from other government ministries and departments along with a calendar for delivery

**Building of a more comprehensive data base on statistics on the United Republic**

- Harmonization of data collection calendars for Mainland and Zanzibar
- Harmonization of methods and standards
- Prepare memoranda of understanding between MDAs on production and aggregation of data and statistics to produce indicators on the United Republic

### **Collaboration with non-state actors and the International Data Community**

- Establishment of clear framework for **collaboration and validation of data** produced by non state actors

### **The National Strategy for the Development of Statistics as the Future Data Roadmap**

- Focus on Strengthening data production with and outside NSS
- Effective engagement with the high-level political leadership in unlocking most of the constraining in data community
- Build stakeholders' understanding of the Statistics Act, 2015 and its amendments approved in 2018

### **Building institutional knowledge base, collaboration, and commitment within the National Statistical Office to drive change**

- Directors and Managers
- All Departments including Regional Offices
- OCGs

## Voluntary National Review (VNR) for SDG Implementation

Voluntary National Reviews (VNRs) are part of the formal inter-governmental follow-up and review process on the Agenda 2030 presented at the United Nations High Level Political Forum (HLPF). They outline a country's progress report to its peers and other stakeholders at the global level on the implementation of the Agenda 2030. The theme for 2019 VNR is 'Empowering people and ensuring inclusiveness and equality' and the goals under review are SDG 4- Quality Education; SDG 8 - Decent Work and Economic Growth; SDG 10 - Reduced Inequalities; SDG 13 -Protect the Planet; SDG 16 -Peace and Justice; and SDG 17 - Partnership for the Goals. Tanzania for the first time presented it's SDGs National Voluntary Review Report in July 2019. The Tanzania VNR provided a comprehensive review of six goals under review for 2019 and a snapshot of all 17 goals.

Tanzania also submitted the 2019 VNR Key messages to UN DESA on 17<sup>th</sup> May, 2019, of which the results indicated that, Tanzania is doing reasonably well in goals 2, 3, 4, 5, 6, 8, 10, 16. Goals 7, 9, 11, 12 are likely to be achieved with stepped-up efforts. Goals 1, 13, 14, 15 17 will need significant local efforts and international support to achieve.

## Progress of Thematic Goals at a Glance

<p>Doing reasonably well</p>	 <p><b>4</b> QUALITY EDUCATION</p>	 <p><b>8</b> DECENT WORK AND ECONOMIC GROWTH</p>	 <p><b>10</b> REDUCED INEQUALITIES</p>	 <p><b>16</b> PEACE, JUSTICE AND STRONG INSTITUTIONS</p>	<p>Very strong supportive policy environment; strong partnerships; whole-of-society approach; effective inclusive programmes</p>
<p>Substantial international support needed to achieve goals</p>	 <p><b>13</b> CLIMATE ACTION</p>	<p>Low scientific capacity to monitor the environment; absence of baseline data</p>	 <p><b>17</b> PARTNERSHIPS FOR THE GOALS</p>	<p>Resource mobilization constraints</p>	<p>Stepped-up local efforts and international partnerships needed to complement domestic efforts in both goals</p>
